

Software Engineer, Backend - DoorDash

About DoorDash

DoorDash is building the world's most reliable on-demand logistics engine for delivery. We are a technology and logistics company that started with door-to-door delivery, and we are looking for team members who can help us go from a company known for delivering food to a company that people turn to for any and all goods.

About the Role

We are looking for Backend Engineers to build and maintain a large-scale 24x7 global infrastructure system that powers DoorDash's 3-sided marketplace of Consumers, Merchants, and Dashers. Backend Engineers work on both Product and Product Platform teams, operating backend services and architecture that support all product functionality. This role is hybrid with some in-office time expected and reports to an Engineering Manager.

Responsibilities

- Develop, release, and run large-scale web applications
- Define backend architecture and tech stack for a product area
- Improve performance, reliability, scalability, and security of backend systems
- Transition monolithic codebase to a microservice-based architecture
- Collaborate cross-functionally to solve key business problems with technical solutions

Qualifications

- B.S., M.S., or Ph.D. in Computer Science or equivalent
- Prior experience working with backend tech stacks
- Ability to analyze and improve efficiency, scalability, and stability of system resources
- Experience with service-oriented architecture, writing REST APIs, unit testing, and architectural design
- Understanding of modern web stacks and architecture (HTTP, REST)
- Experience with SQL and NoSQL databases and technologies (e.g., Postgres, Redis, Elasticsearch, RabbitMQ)

Compensation and Benefits

Software Engineer, Backend - DoorDash

The base pay for this position ranges from \$130,600 to \$285,000 USD, depending on level and location. In addition to base salary, compensation includes opportunities for equity grants. DoorDash offers comprehensive benefits, including premium healthcare, wellness expense reimbursement, paid parental leave, 401(k) plan with employer match, paid time off, and several paid holidays.

Diversity and Inclusion

DoorDash is committed to growing and empowering a more inclusive community within our company, industry, and cities. We hire and cultivate diverse teams of people from all backgrounds, experiences, and perspectives. We believe that true innovation happens when everyone has room at the table and the tools, resources, and opportunity to excel.
